Subject:	RE: More noise from Trump Golf course before 7 AM

Hi Lili,

The City appreciates you and your teams exceptional cooperation and am looking forward to finding the root of the noise and working together as a team to close this noise chapter on all fronts for Trump National Golf Course and to relieve the reporting parties concerns of noise prior to 7am on weekdays and 9am on Saturdays. Thank you.

Sincerely,

Kevin Le

Hi Kevin,
Thank you for your email.
Our course maintenance staff is well aware of the noise restrictions. While we believe that the noise that was complained of was not as a result of actions of our course maintenance staff, we will continue to reiterate the noise ordinance with our staff members and ensure adherence through our practices. We are also happy to address any specific issues that come to your attention.

Best,
Lili Amini

Hi Lili & Michael,

Recently we received a complaint about landscaping noise occurring before 7am. I left Lili a voicemail and I met with the maintenance department earlier this morning. We're asking for your help and support in this matter so that we may reduce the noise pollution towards the La Rotonda area. It appears that the noise does echo to the La Rotonda area and we kindly ask your cooperation to advise your landscaping team, contractors, and third-party organizations to work towards peace in the City of Rancho Palos Verdes before 7am.

Please note that landscaping activities are prohibited on Sundays and on legal holidays [Veterans Day

November 11, 2019]

Sincerely,

Kevin Le
